

# Surface Studio

## Turn your desk into a Studio

Surface Studio is a whole new class of device, one designed for the creative process. The 28" PixelSense™ display floats like a sheet of suspended pixels giving you a huge canvas for all kinds of work. Use it upright or draw on it like a drafting table, breathing life into your ideas with a process that has been limited to whiteboards and sketchbooks, until now.

- A brilliant screen for your ideas
- Effortlessly transforms from desktop to studio
- Professional-grade power and performance
- Meticulously crafted

# The most creative device on the planet

## As natural as pen on paper

Use touch and Surface Pen to visualize, interact with, and develop content

## Workstation-level power

Quad-core 6th Gen Intel® Core™ processors, accelerated by a discrete NVIDIA® GeForce® GPU

## Write and erase naturally

Surface Pen rests in your hand perfectly—with 1,024 levels of pressure sensitivity

## Meet face-to-face

1080p front-facing camera and stereo 2.1 speakers with Dolby® Audio™ Premium

## 3:2 screen layout

Ideal real estate for editing documents, spreadsheets, and reading

## Meticulously crafted

Minimal design complements the modern office, with clean lines and a small footprint

## From Desktop mode to Studio mode

A counterbalanced hinge moves the display weightlessly with one hand

## Recommended add-ons

### Surface Dial

Access menu shortcuts, volume, tabs in OneNote, Ink Replay,\* and more with Surface Dial. Place it directly on the display to work seamlessly with industry-leading apps, giving you more power to produce your best work.

### Microsoft Complete for Business

- 2-year warranty, no deductible
- Same day, onsite service
- Direct access to expert software support agents
- 2–3-day hardware replacement with technician setup
- Up to 2 onsite visits per incident

\*Ink Replay, Ink Effects, and Ink Math Assistant are available in OneNote for Windows 10 and require an Office 365 subscription.
