

Surface Laptop with Windows 10 S

Performance made personal

Surface Laptop goes beyond the traditional laptop. Backed by the best of Microsoft, including Windows 10 S and Office Personal. Enjoy a natural typing experience enhanced by a luxurious Alcantara® fabric-covered keyboard. Thin, light, and powerful, it features a 7th-generation Intel® Core™ processor and a stunning touchscreen—all in a clean, elegant design that fits easily in your bag.

Streamlined for security and superior performance

Windows 10 S is a familiar, productive Windows experience streamlined for security and superior performance. By exclusively using apps from the Windows Store, which are Microsoft-verified for security, and ensuring that you browse safely with Microsoft Edge, Windows 10 S keeps you running fast and secure day in and day out.

The Surface Laptop difference

Cloud convenience plus the power of apps

A single sign-on gives your business access to cloud-based company resources through Azure AD. It lets you use a cloud-based device management solution, and gives your business access to LOB Apps through the Windows Store for Business.

Beautifully designed and crafted

Surface Laptop complements your personal style with the perfect blend of texture, subtle details, and clean, elegant lines. Open effortlessly with one hand and feel the luxurious touch of our Signature Alcantara® fabric-covered keyboard and palm rest.

The perfect balance of portability and performance

You don't have to choose between the power to do what you want and traveling light. At just 2.7 pounds, Surface Laptop fits easily in your bag and gives you an ideal balance of both, plus up to 14 hours of video playback¹ and a 7th-generation Intel® Core™ processor to handle demanding desktop programs.

A stunning screen that responds to your touch

Experience faster, easier, more natural navigation on the vibrant 13.5" PixelSense™ Display with touchscreen. Enjoy more space for your ideas with an edge-to-edge display and ultra-thin bezel. Durable Corning® Gorilla® Glass 3 helps protect your laptop screen.

microsoft.com/en-us/devices/business

1. Up to 14 hours of video playback. Testing conducted by Microsoft in April 2017 using Intel® Core™ i5, 256GB, 8 GB RAM devices. Testing consisted of full battery discharge during video playback. All settings were default except: Wi-Fi was associated with a network. Battery life varies significantly with settings, usage and other factors. 2. Surface Pen and Surface Dial sold separately. 3. In the U.S., warranty terms vary by market.
